REFERENCE : Memorandum for Project Director from Project Comptroller, dated 10 April 1956 [redacted]  
"Controls Established at Watertown (Messing and Housing Receipts)"

1. You will recall, I am sure, that following the visit of Mr. Macy to our training site, that individual raised certain questions regarding the feasibility of instituting better controls over messing and housing receipts at the location. The attached paper, written by [redacted] gives, I believe, a complete picture of the controls which are now in effect.

2. I believe that the information contained therein will be of assistance to you should you wish to abstract from this document or apprise Mr. Macy of its contents verbally. Please let me know if there is additional information that you desire.
